Report of the "Chanticleor" Left Foochow 29th Aug. Amoy 30th Aug. and Swatow 31st, Arrived Hongkoug

Sant. 1st. 2.15 P.M. The Chanticlear has had fine weather the whole presage. On the 25th, there was heavy thunder storm in Foochow during which a pilot boat was struck by lightning which splintered the mast down a killed a Chinaman. Steamer Pehin was in Foodbow. Ship John Tomperly left with tens on the 28th, and the Racchorse was to leave on the 30th. Saw steamer Undine and Formesa off Pyramid Point on the night of 29th. Stopped off Owick bay at 2 A.M. 30th. communicate with Fe-loong and found that Denis ((le de la Réunion.) she had just succeeded in getting the Soochore Saw steamer Union in Swatow, As Chanticleer was leaving the Po-wong arrived Amoy, and saw, hip Samuel Bussell bound to Melbourne, Adelaide, Brisbane, Hobert-town, &c.

In the O Bolentim do Governo of 29th, uito. is a notice to the effect that the Portuguese ship Head Cashier, H. Katers, decountent, N. D. Maria Piu from Macao Aug. 4th. with Head Office; on Louden on the Union Bank of emigrants for Calluo endured the strength of London; on Bombay, Calcutta, Shanghai, Bourtyphoon on I lill, and I cth Aug. and was bon. Long. 12132 E .- lowest Continent of Europe, India, China, America, pitch of Bar 28.67. The O Bolentim do Governo Australia, &c., on the Correspondents of the inthen goes on to say that a steamer (Chanticlear) | elitution. bound up the Coast went near and tendered . Approved Bills negotiated. her services to tow the ship into Hongkong for \$6.000 which the Captain refuses-He prefers to make the best of his way by himself and the lug Maggie Lander hearing of a terest, particulars of which may be obtained on dismasted ship, being outside, goes out in application to the Agency. search, finds her, and tows her into Macao for \$250-After all these particulars are given the writer of this communicated article in the O Bol naim do Governo (evidently we think the Cap tain of the Marie Pia) says that the Dambarton's report in the Daily Press is wrong, and talks about the inhumanity of the Captain of & steamer leaving a partially disabled vessel to her fate, and that the fact that the vessel was so near Hongkong should have been un inducement for the Chanticleer to tow the vessel in for nothing we suppose. The Chanticleer was bound up the Court and if she turned back to aid the Maria Pia sho would naturally expect to be well paid-If the Captain of the last named vessel does not choose to pay for the assistance he would be much blamed for not availing of it when offered him should anything more serious occurred such as for instance drifting on the rocks-brifting out

The following is a faithful translation of part of a letter which a gentleman of Macao lately received from a triend of his in Havana. We commend it to the careful perusal of our readers, igore especially to the French Consulat Centon, for whose behoof we will have it translated for our Gluna issue. We are assured that Governor Amaral's prohibitory measure will cause the vile traffic to be removed from Mecao to Canton, where it will be conducted

The division on Friday night in the Lards rather surprised the country. The unsually large number of 212 Peers were present, and the division showed 123 for Government, and 110 against. The proxics were then demanded and showed 45 for Go. vernment against 58 for Opposition, but even with this assistance Lord Malmesbury had only a majurity of nine. It is also curious that every Duke of full age sither voted or paired, except the Duke of Bedford, the nephew of the Minister, whose policy was attacked. Probably, however, the Duke has not taken his scat this session, and therefore could not vote by proxy-a remark which may also apply to some of the seven absentes Bishops.

Her allies are plandered, her stateamen, inglertously foiled, confess themselves afruid to use the power they have so long been taxing us to raise. In the awamps of Africa her soldiers have been beaten and decimated by disease in a contest that never even commenced. In New Zealand one of the most illustrious of her regiments has been routed disgracefully by their Maori foes and in the compensating victory the chief laurels were borne off by Maori allics who led the van in every obarge. General Unnferon landed his troops gained the pah, and, it is said, thrown off their guard by finding it almost empty, dispersed in fulling rapidly and the men taking to flight in the ntmost panic.

Lord Palmerston, as usual, has been a little overest by victory. There is one little gleam of fight in the political borizon. He quiet agreed with him that much of the doctrine laid down by the opponents of the bill went to the principle that they should cast the colony adrift, He was not prepared to concur in that doctrine. The colony was founded on the principle that the emigrants who went there should be protected... It was a thriving colony, and was increasing rapidly in wealth and in everything that constituted a prosperous golony; and therefore they should not deprive them of the means of bringing the

He lamented the war, but it did not in any manner avise out of the scizure of land, but had its origin in the aseassination of the English officers and soldiers by the natives.
